4 Bedroom, 3.00 Bathroom, 2,271 sqft
Single Family on 0 Acres

Ramsay Heights, Edmonton, AB

Tudor charm in this beautiful 4 bedroom character home both inside and out. Starting with great curb appeal being on a corner lot with established trees and gardens plus it is a very private home as there is green space at the rear just by it. Inside you will find much to love as there have been many upgrades while still keeping its charm as you can see with the shiny oak flooring and beautiful curved stair as you enter. The new kitchen will delight the chef in you as you have three long gleaming granite countertops and tons of cupboards, perfect for entertaining or preparing special meals for family gatherings with formal and informal dining right by it. Large living room plus family room with fireplace would make a good games room. Upstairs, large master bedroom with walk in closet and full en-suite with freestanding bath plus there are three more decent sized bedrooms and another full bath. Overall a great family home in a great neighbourhood by many of Edmonton's best schools

Built in 1980
